

Teamwork Thursday Copy-A-Saurus

What you will need:

- Lego's
- Blocks
- Paper and pencil/pen
- Hard writing surface

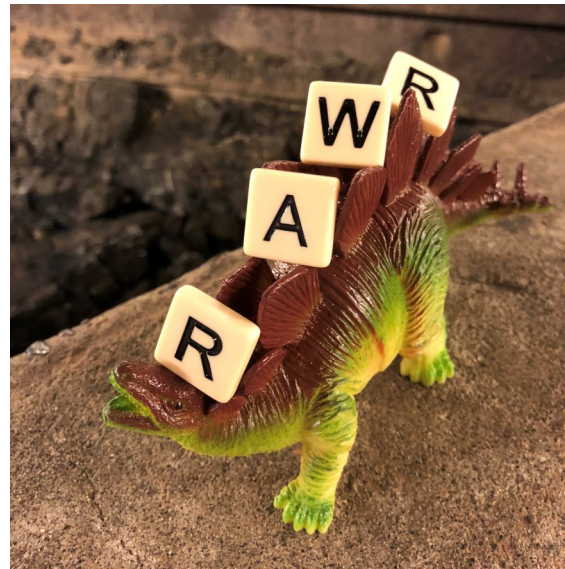

Let's Play:

Choose a partner and sit back to back on the floor or in chairs. Your choice!

One person builds or draws something with their supplies.

When they are done, the person who made the first creation must describe to the other person how to make what they made.

Once done, compare your creations and see how well you did. Switch roles and do it again!

Spice it up:

Choose something to build together and race to see who can build it the fastest.

Use a variety of supplies to make a creation. This will make it harder.

Only give an instruction one time and only say it once.

Thank you to our Camp Staff member Treble for this fun camp game idea!
