

Try-It Tuesday Juggling

Background

Girl Scouts of Western Washington has an awesome partnership with Moosh Walks. They teach you how to juggle while including leadership skills.

Moosh Walks is a girl empowerment company. The company was founded on the idea that self expression and individuality is a necessary step to discover your confidence. Confidence helps you become a fearless leader. Each character has a superpower that reminds you that you are not alone on this journey. We believe the true superpowers are: confidence, resilience, perseverance, positive point of view, and many other qualities our characters possess.

Moosh Walks gives the young girls and boys the ability to stand out, make friends and start a conversation.

How to

This activity does cost \$15 per person.

Start at the website <https://mooshwalks.com/collections/juggling-leadership-superpowers>

Olga will send you the supplies you need and your Girl Scout will earn a patch once complete. Get active and try something new!

Juggling is good for...

- Staying active
- Concentration
- Any age can start and do it
- Easy to do inside
