

# Jump into Journeys

## Workshops offered in 2018-2019

**A hands-on sampler for supporting girls of any age level along their “Journey” activity path. You’ll have a chance to work with the resources, try out some Journey activities, and see how you can work with the girls to customize a journey that will be perfect for them. We will be highlighting the new Journeys! Jump on in and have some fun!**

**The purpose of Jump Into Journeys is to help prepare volunteers to effectively facilitate the Girl Scout Leadership Experience, using the Journeys. The goals are to assist participants to be able to:**

- Recall the Girl Scout Leadership Experience components
- Identify the three processes in a girl activity
- Express why using Journeys supports the Girl Scout Leadership Experience
- Discuss presenting Journey themes and choosing one
- Describe the organization of the How To Guide
- Summarize at least two Journey activities
- Describe how girls might choose to customize their Journey

**Jump Into Journeys is encouraged for all volunteers and strongly recommended for new leaders working with girls in a troop or group and for Volunteers-in-Training (VIT). It should be taken as soon as possible, but at least within three months of starting to work with a troop or group. It is also a very useful workshop for all experienced leaders who are new to Journeys.**

**Prerequisites:** Online orientation, Girl Scouting 101, and Getting Started

### For Adults

**COST:** None (except for conference fees: Super Saturday, Northern Lights & The Big Deal.)

**\*Registration will be available online. Please check the website to determine exact location and time. Location is subject to change due to availability of site and facilitators.**
