

Property Assessment Project

February Property Advisory Team Update

The Camp Property Advisory Group officially kicked off on February 11, 2021 as part of our Camp Property Assessment Project. Our Camp Property Assessment Project will result in a comprehensive review and analysis of data related to camp properties to inform recommendations for any changes that may be needed to our camp property portfolio. We want to be clear that the project is not a long-term goal planning session to generate ideas for future property use and funding, a program assessment, or a fundraising and capital campaign strategy. **The project is a review of current and historical data around our camp properties that will inform changes we may make to our camp property sites.**

A variety of teams are involved in the Camp Property Assessment Project, each filling a unique role.

- **Camp Property Advisory Group** is made up of a diverse set of volunteers. It also includes six representatives of the GSWW Finance Committee and Board of Directors. The group roster can be found [here](#). Their role is to provide input on various project deliverables, including giving feedback on final recommendations that are a result of this project.
- **GSWW Finance Committee** is charged with oversight of GSWW properties and the GSWW Board of Directors holds final decision for GSWW buying, selling or leasing of property.
- **Project Management Team** is made up of GSWW staff and is responsible for project planning, oversight, and development of various project deliverables, including identifying member engagement opportunities and drafting recommendations that are a result of this project.

We expect to have final recommendations and decisions to share with everyone in summer 2021 with opportunities for member input throughout the process.

In its first meeting on February 11, 2021, the Camp Property Advisory Group did the following:

- Gave input on our decision framework for the property assessment.
- Discussed team norms and expectations.
- Discussed project purpose and timeline.

Regular updates on the Camp Property Assessment Project will be shared after each monthly Camp Property Advisory Group meeting. If you have questions, please email propertyassessment@gsww.org.
