

COVID-19 Update

Hello Girl Scouts of Western Washington membership—

My best wishes for your health and safety today. I'm writing to share additional recommendations and actions that GSWW is taking to help prevent the spread of COVID-19:

- As I shared in my email last night, we are encouraging members in King and Snohomish counties to consider whether to continue participating in this public phase of the Cookie Sale. An email to affected Troop Cookie Volunteers with information on how to make this choice and how to return unused cookie inventory was sent earlier today. Other members should contact their Troop Cookie Volunteers for information.
- We are also recommending that members in King and Snohomish counties consider cancelling or delaying troop meetings and volunteer-led programming events.
- GSWW will be cancelling all council-led programming events in King and Snohomish counties through March 15, and may cancel later events closer to their scheduled dates based on the COVID-19 situation at the time. Registered participants will be contacted about cancellations and refunds as quickly as possible when decisions are made.
- The Everett, Bellevue and Seattle offices and stores will be closed until further notice. Staff are being asked to telecommute and Customer Care

will continue to be available at customercare@girlscoutsww.org and 800-541-9852. We apologize for any inconvenience this may cause.

This is a quickly evolving situation and we promise to stay in touch with members about any additional changes in public health recommendations and how they affect Girl Scout programming. If you have any questions, please contact Customer Care at customercare@girlscoutsww.org / 800-541-9852. Thank you, so much, for everything you are doing to support girls and our community during this time.

Warmly,

Megan Ferland, CEO
