

Meeting Reflection for Leaders

Girl-Led

How was this meeting girl-led? (For example, did girl scouts choose activities? Did they lead songs or the Promise/Law? Did they make presentations that they created?)

Where do you think they could have led or contributed more?

Learning by Doing

What skills or experiences did the girl scouts gain during today's meeting?

When did they have the most fun?

Were you surprised or excited by anything they shared during reflection?

Cooperative Learning

What was a shared goal of the troop today?

Did girl scouts have an easy or difficult time working together? Why?

Meeting Reflection for Leaders

To consider for the next meeting...

If you were to repeat this same meeting, would you change anything (different activities, more volunteer help, different sequence of activities, etc.)? Why or why not?

What made today's meeting special, meaningful, and/or fun for you?
