Welcome Cookie Entrepreneurs!

The Girl Scout Cookie Program provides all cookie sellers with opportunities to earn individual rewards, in addition to the proceeds earned by troops. Beyond the lifetime of essential skills gained through cookie program participation, sellers can also earn exciting rewards based on packages sold. Entrepreneurs set both troop and individual goals, and those individual rewards can be used to set each Girl Scout's aspirational sales target. We're excited to see all the incredible things Girl Scout Cookie sellers accomplish this season!

Meet our newest BFF, Black-Footed Ferret: Shirley!

DENS

Black-footed ferrets live in prairie dog dens in the American grasslands and prairies.

PLAYFUL

Black-footed ferrets are flexible, love to wrestle and play chase. They are also excellent climbers.

NOCTURNAL

Black-footed ferrets are nocturnal, which means they are most active at night. They use their strong sense of smell to locate food and friends.

ENDANGERED

The black-footed ferret is one of North America's most endangered animals, meaning there are not many of them in the wild. It's a good thing they are so brave.

COMMUNICATION

Black-footed ferrets are known for their squeaks, hisses and chatter. They also use dance to communicate.

BUSINESS

A group of ferrets is called a business.

PROGRAM CREDITS

Program Credits (PC) are earned in \$50 increments per 100 packages sold (beginning at 500+ packages sold) and can be exchanged for the reward item or experience at the 500+ reward levels. Program Credits are issued on electronic cards in early May via emails direct to earners.

At the 500+ reward level and above, those who select a reward lower than their total packages sold will receive Program Credits for the package difference.
