This weekend is all about showing how much we love state parks! Girl Scouts have always been dedicated protectors of the environment, and that tradition continues today. One easy way to help parks is to (safely) pick up trash when you see it.

To show their respect for nature, Girl Scouts always practice the seven principles of Leave No Trace.

Check them out:

1. Know before you go
2. Stick to trails and camp overnight right
3. Trash your trash and pick up dog poop
4. Leave it as you find it
5. Be careful with fire
6. Keep wildlife wild
7. Share our trails and manage your pet

For more information about the seven principles of Leave No Trace, visit [lnt.org/why/7-principles](http://lnt.org/why/7-principles).

Help this Girl Scout Pick Up America! Help her collect trash on the trail and dispose of it properly. Good luck!
